Permission to Access MRCA Parkland for Brush Clearance

Dear Neighbor:

As you know, property owners in areas susceptible to wildfire are required to do brush clearance around homes and other structures. This may include property managed by the Mountains Recreation and Conservation Authority (MRCA), a local joint powers park agency.

With fire risk at an all-time high and our communities on edge after the recent tragedies, the MRCA is hereby providing you with permission to enter its Parkland to do any brush clearance or fuel modification required to protect your home or other structures on your property.

For more information about the MRCA's permission for you to perform brush clearance on its Parkland, please visit the following website: <https://mrca.ca.gov/brush-clearance-on-parkland> or scan the QR code below.

If you have any questions about this notice, please visit the website or contact MRCA Fire Prevention at: mrcafireprevetion@mrca.ca.gov

Sincerely,

Leigh Adams Croley
